Friday Café Art at the Crown Café

By Irene Malvezi – Group's Art Facilitator

The main concept of Frontline's **Friday Café Art** is to give the opportunity to clients to enjoy the art making process. It is a sensory exercise aimed to promote motor and visual stimulation. It does not matter if the final result is a simple line on paper or a complete painting. It is not about completion or competition but fun and what everyone is able to create individually or with the interaction and help of carers.

Clients in action!

DF using blue paint on top of wax marks to create a wave effect making her boat ready for sailing and fishing. ▼

IR dabbling away! Totally ignoring my lesson instructions and creating his own version of it. No doubt he has his own very specific art style, especially when integrating his lines and shapes to the mix. ▼▶

JP mixing up lines drawn with crayons and cut-outs of flowers and leaves to create a flower basket composition. ▼
